

Step 1: Set up the ratio that you have been given and find the in-game exchange rate

	Pounds (£)		Points
 In-Game Currency: Minecoins Cost: £8.00 for 1,600	<div>8</div>	÷	<div></div>
	<div></div>	÷	<div></div>
	=		=
	<div>1</div>	÷	<div></div>

Step 2: Calculate the total cost. First add up all the in-game purchase points

In-game Purchases:	
Skin Packs: 325 Minecoins	<div></div>
Texture Packs:	<div></div>
1,000 Minecoins	<div></div>
Maps: 900 Minecoins	<div></div>
	<div></div>

Step 3:

Use the ratio to work out how much the in-game purchase points are worth in pounds

Total Points		Exchange rate		Total cost
<div></div>	÷	<div></div>	=	<div></div>

Step 1: Set up the ratio that you have been given and find the in-game exchange rate

In-Game Currency:
Riot Points (RP)

Cost:
£10.00 for 1,450

Pounds (£)

10

Points
